

NSD Community,

We want to thank you all for the support and understanding we have received in response to this week's closing. We know the closing does not come without inconvenience to many NSD families, and we appreciate the willingness we've seen to help keep our community healthy.

On that note, we feel it's our responsibility to reiterate that the purpose for this school closing is to aid in keeping our community healthy through recommended social distancing. Please take the advice of health professionals when it comes to public interaction. As tempting as it will be to get out of the house, please limit those outings for necessities. Our actions as a community over the next week could have a significant impact on the trajectory of COVID-19 in the area.

Our administrative team will be working together tomorrow to develop further plans for this week and address unanswered questions from our Q&A form. If you have questions or items you would like to have considered, please complete the [Q&A Submission Form](#) by 9:00 am tomorrow morning. If you submitted or have a question, check out the [Q&A Page](#). We have been actively working on answering your submissions!

An update on student meals

The [NSD Student Meal Form](#) is still open. If you are interested in receiving daily breakfast and lunch for your students free of charge, please complete the form. The completion of this form will be used to aid in planning for meal preparation.

Students can pick up meals between the hours of 11am -12:30pm in the lobbies of Neosho High School and Goodman Elementary. Lunch, and breakfast for the following day, will be provided. All NSD students 18 years old or younger are welcome to participate regardless of your meal eligibility.

Thank you,

Dr. Jim R. Cummins
Superintendent
